Quaboag Regional H.S.
Warren, Mass.

Dear Mr. Malbouef,

We the class of 1979 would like to dedicate our yearbook to you, someone who has become special to us in many ways.

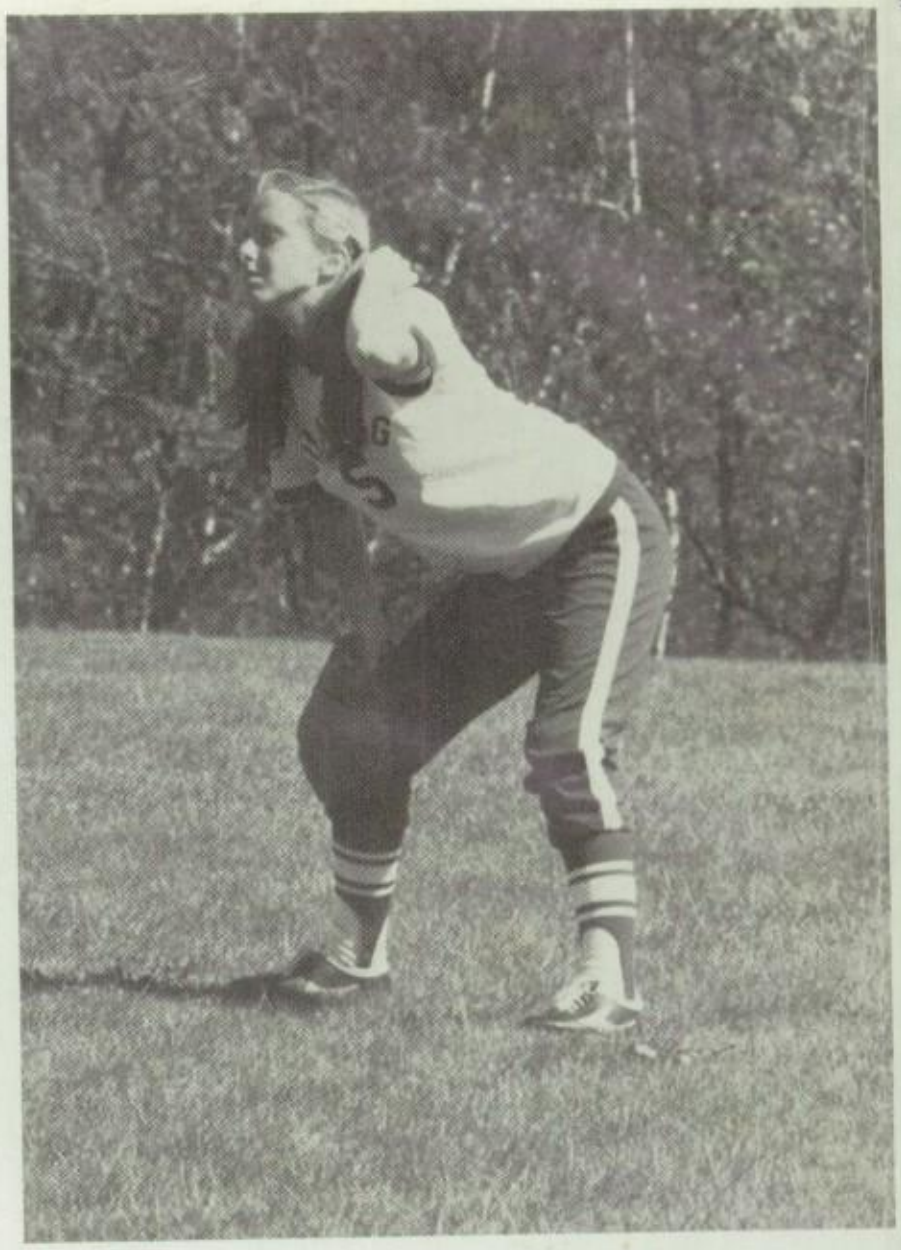
Your friendship and advice has given us the inspiration to get along together.

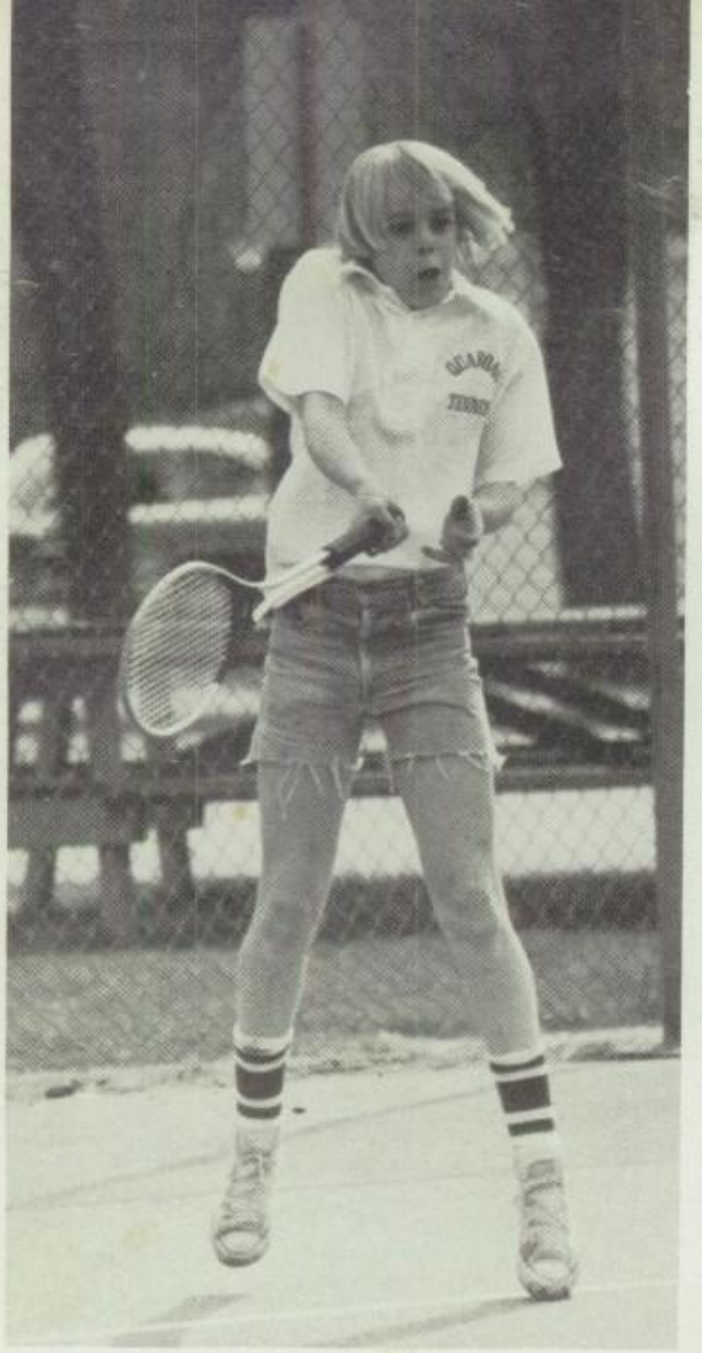
We hope we have made you proud of us and we'll always remember the times we have shared.

Thank you

Class of ''79''

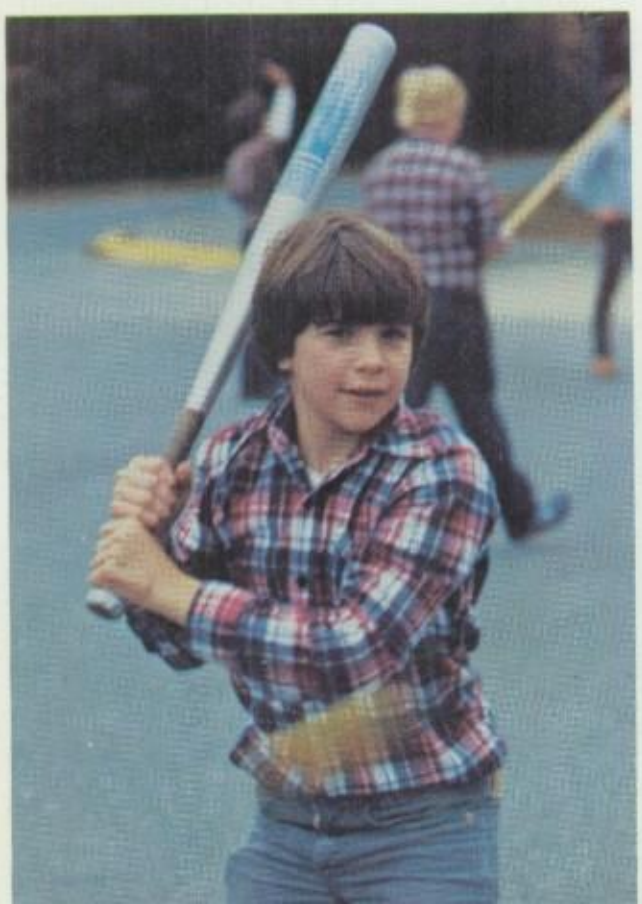
P.S. We would like to thank Chris DiMarzio and Bob Brown for the help they extended over the years.





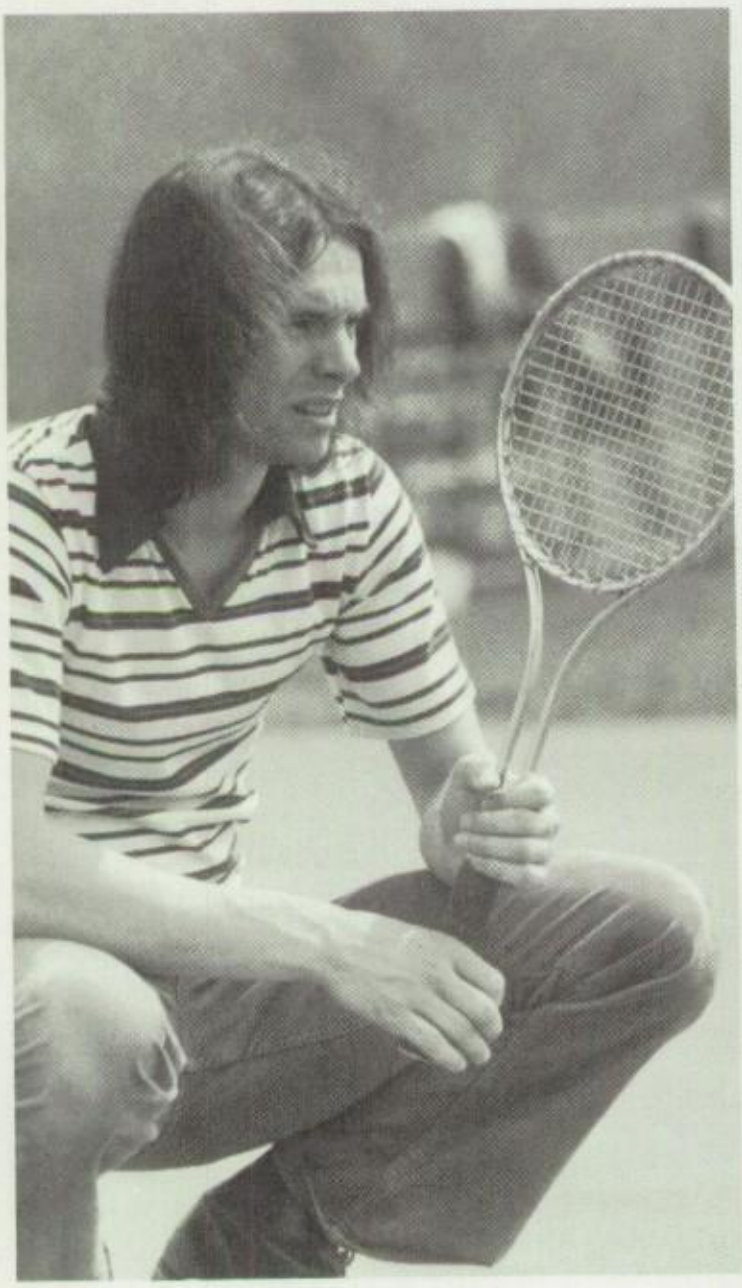
At first we were just to young to know But before we knew it we began to grow

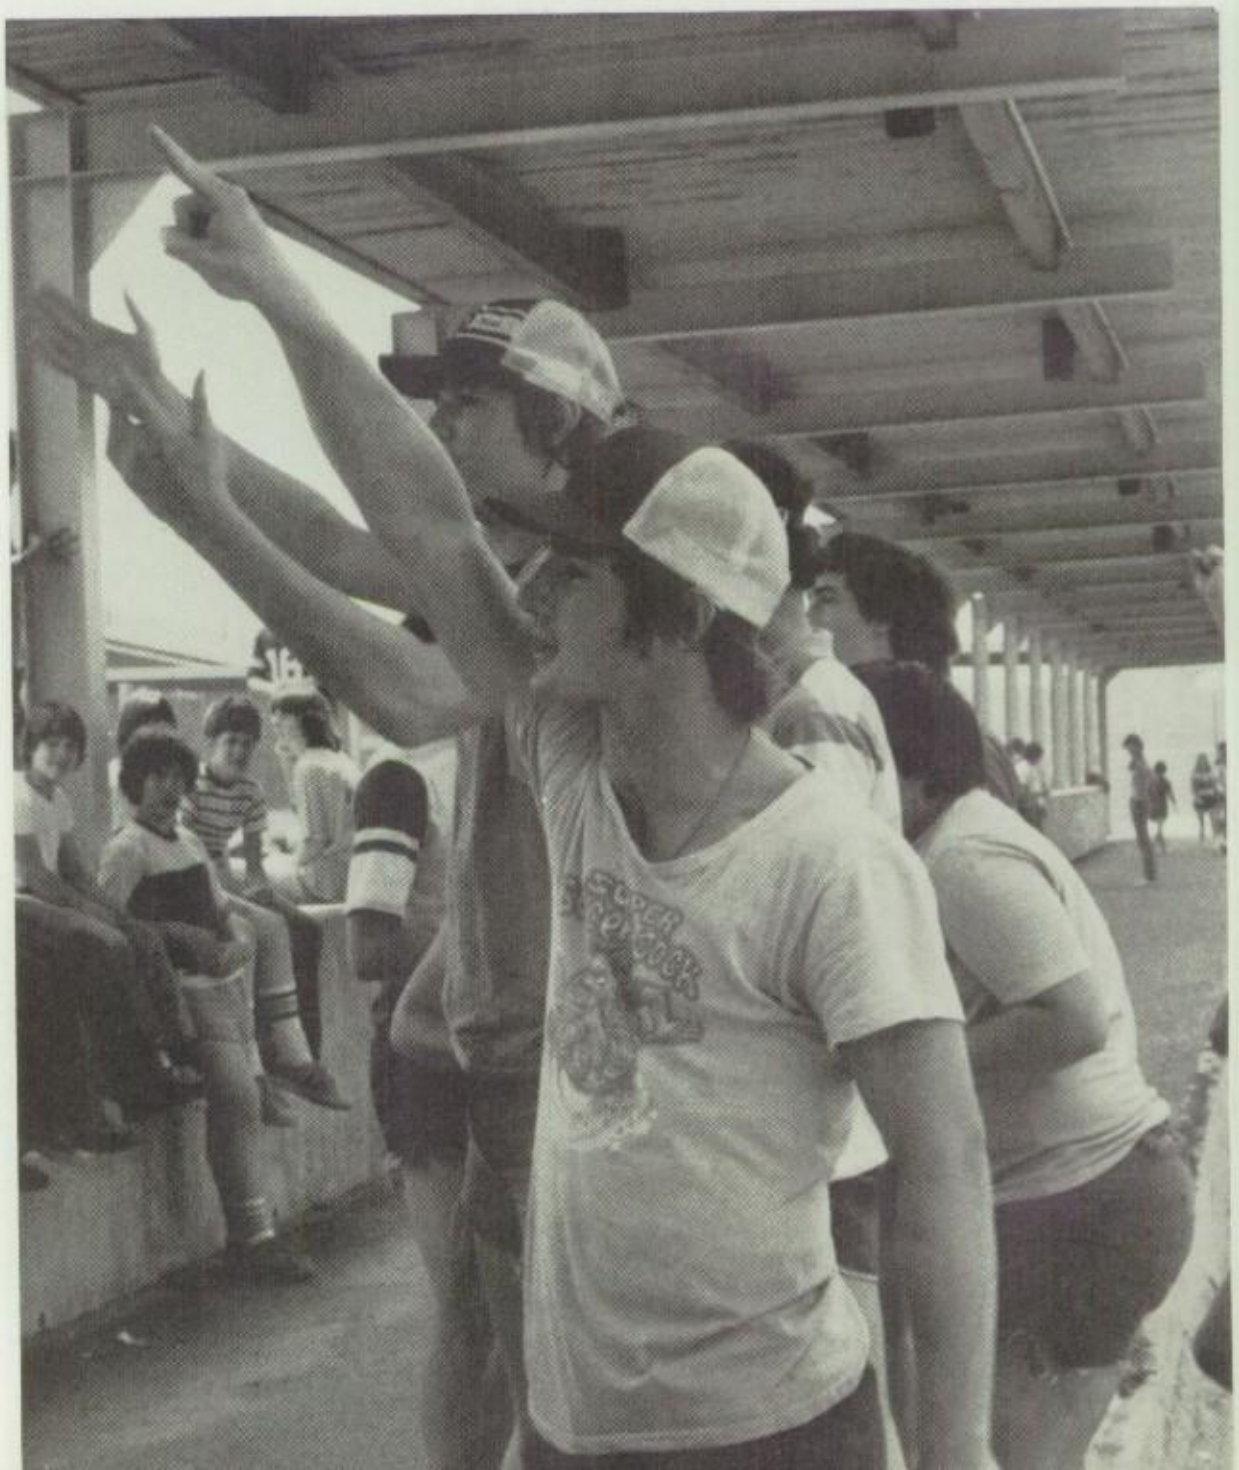
There were many stumbling blocks along the way



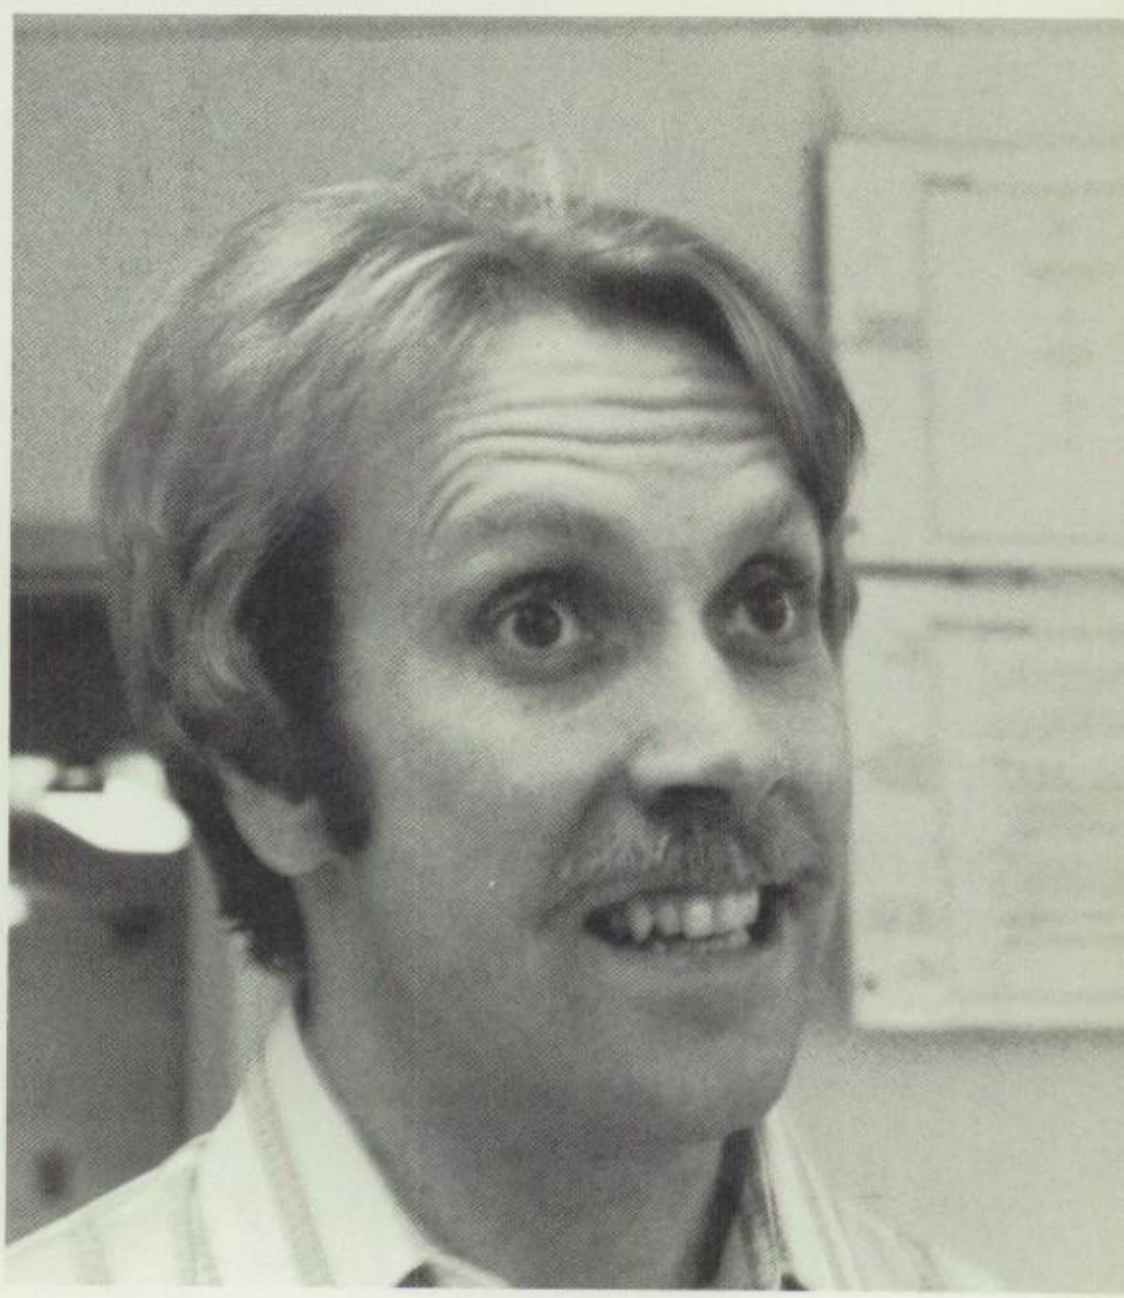
And they became more difficult each trying day

We realized we must all pull together as one

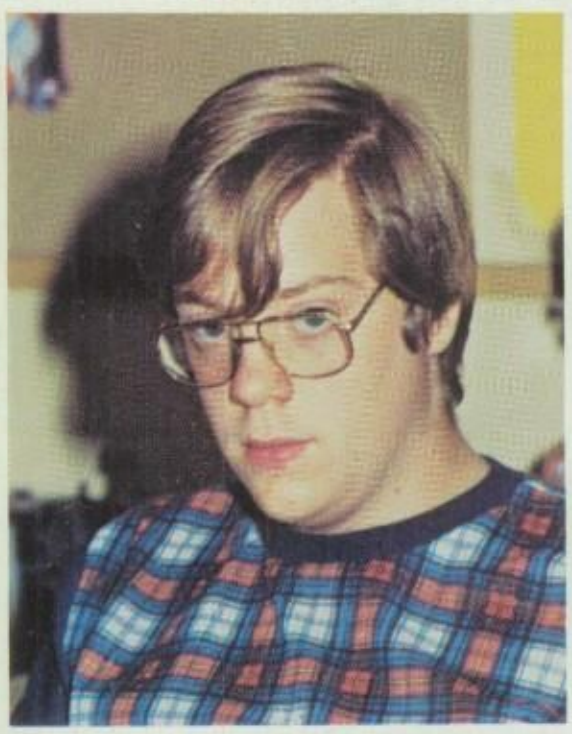




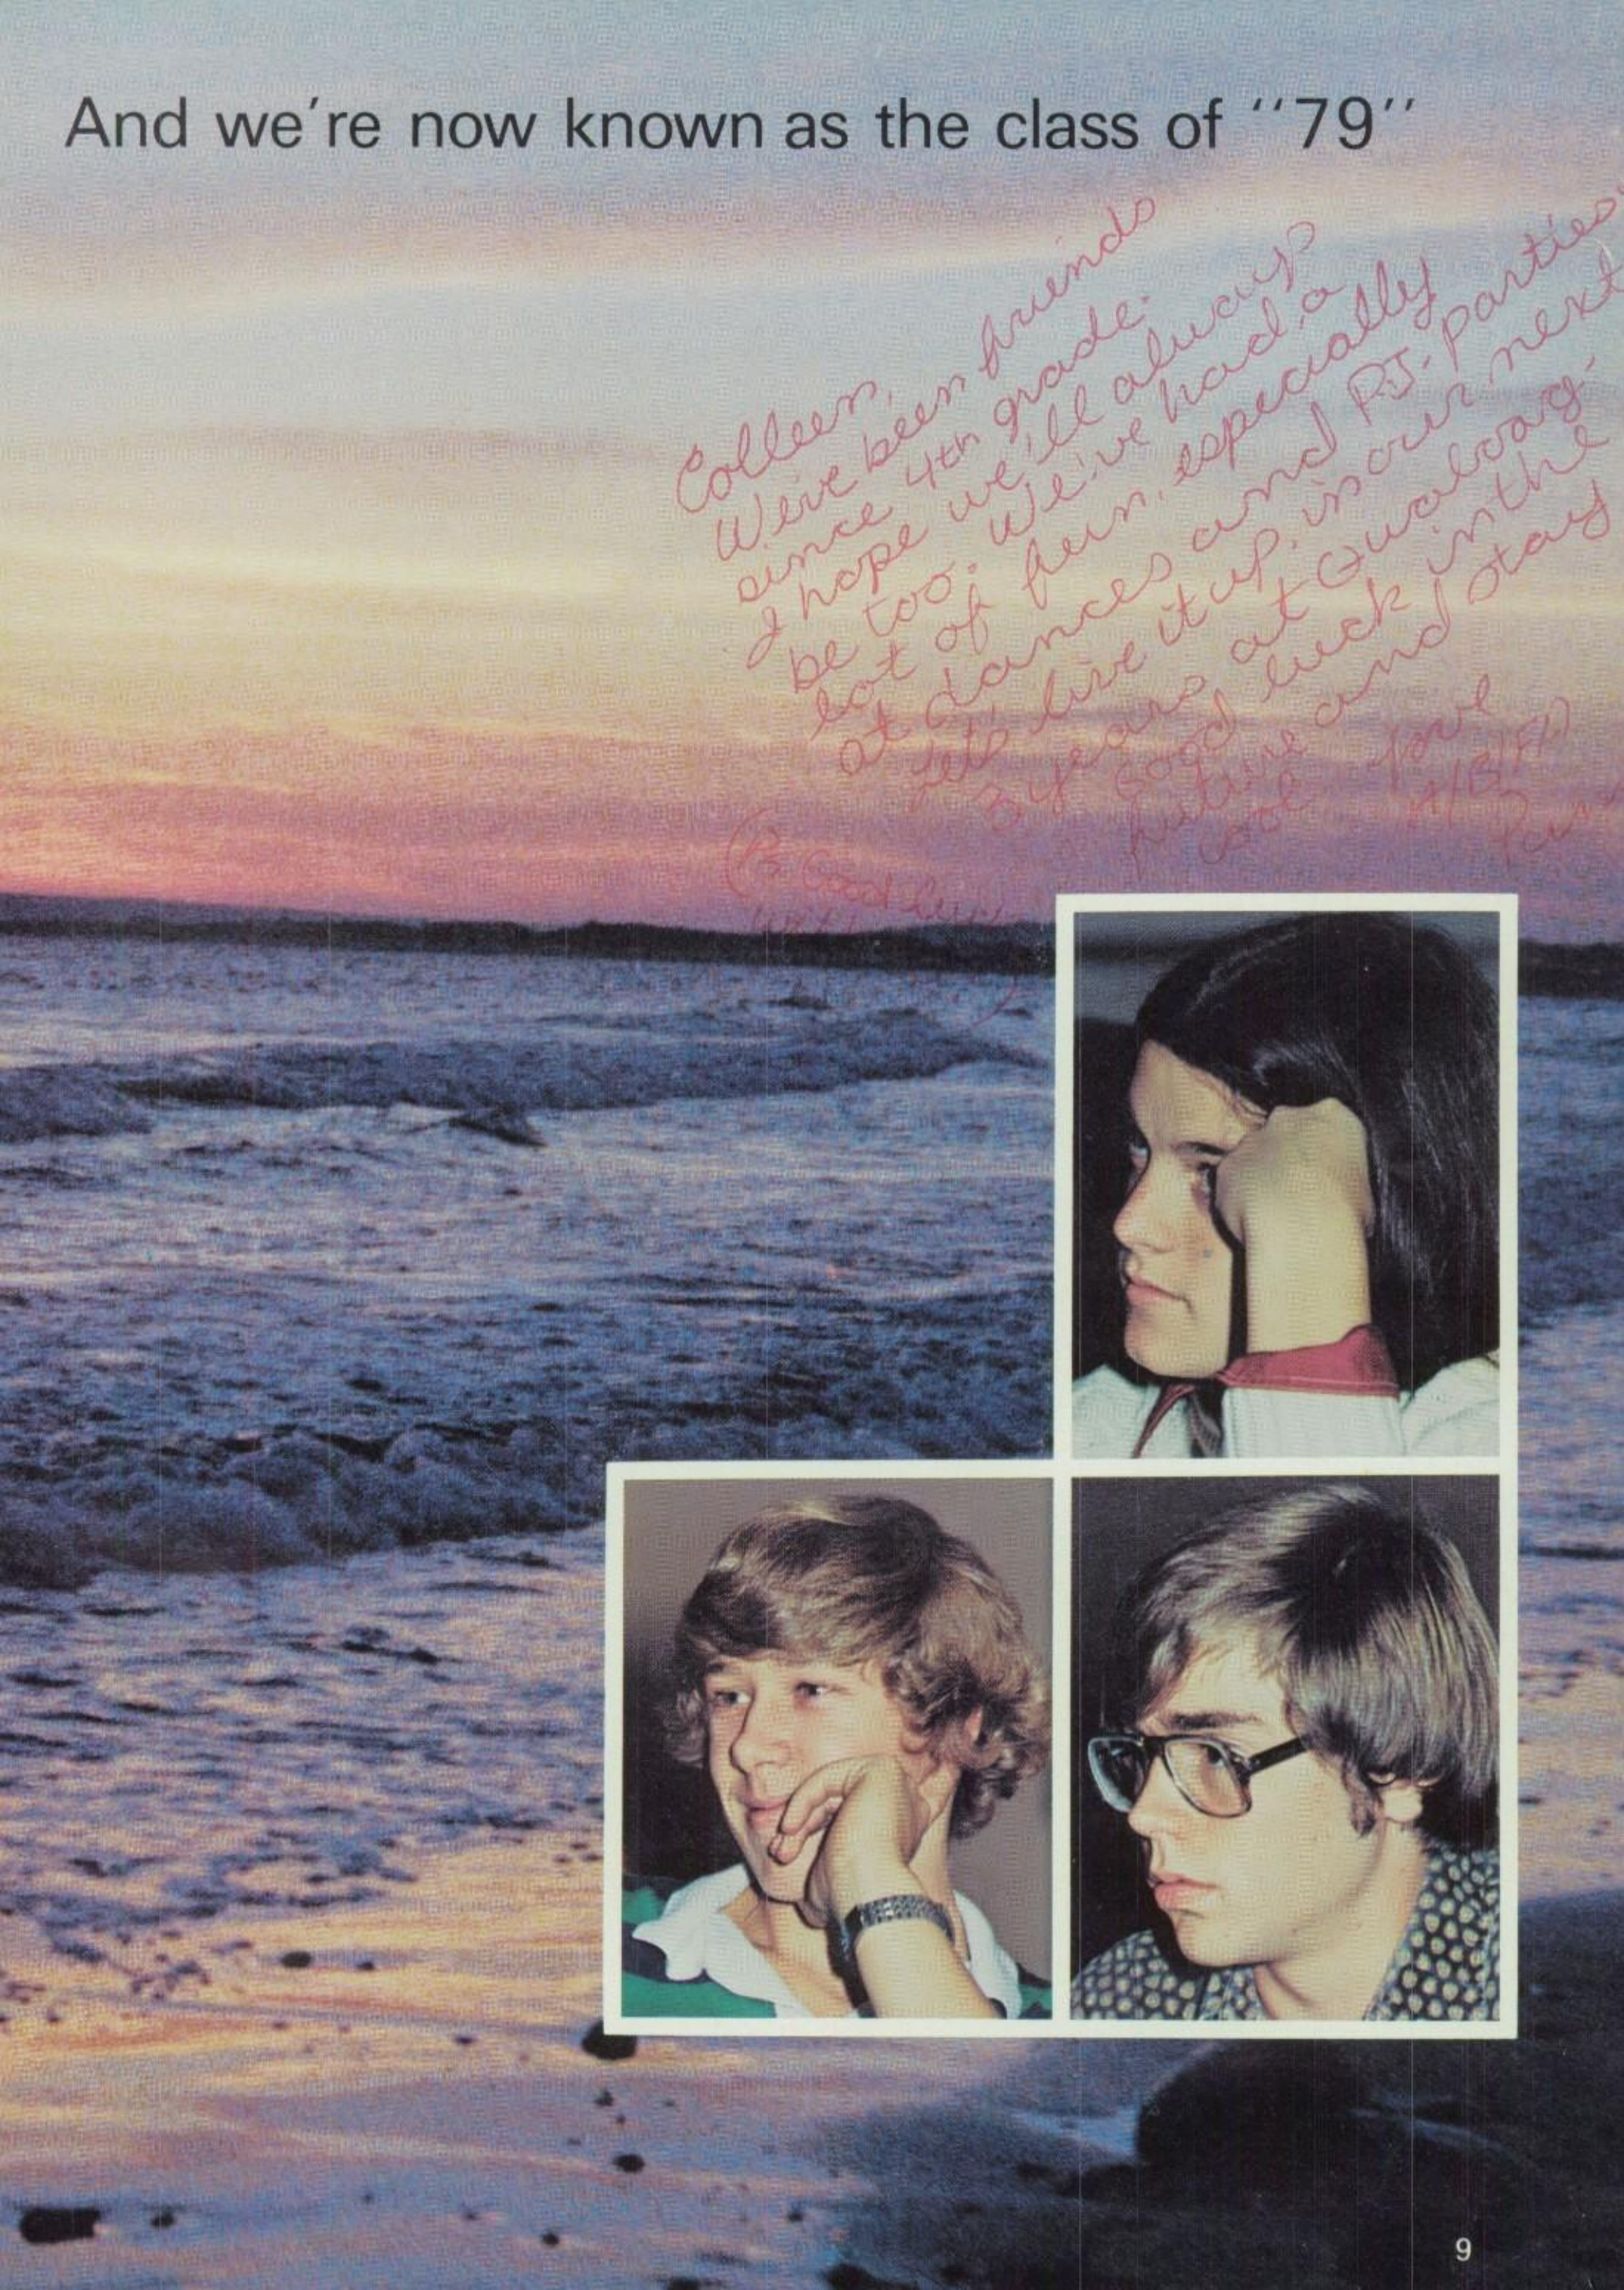
A task we found not so easily done



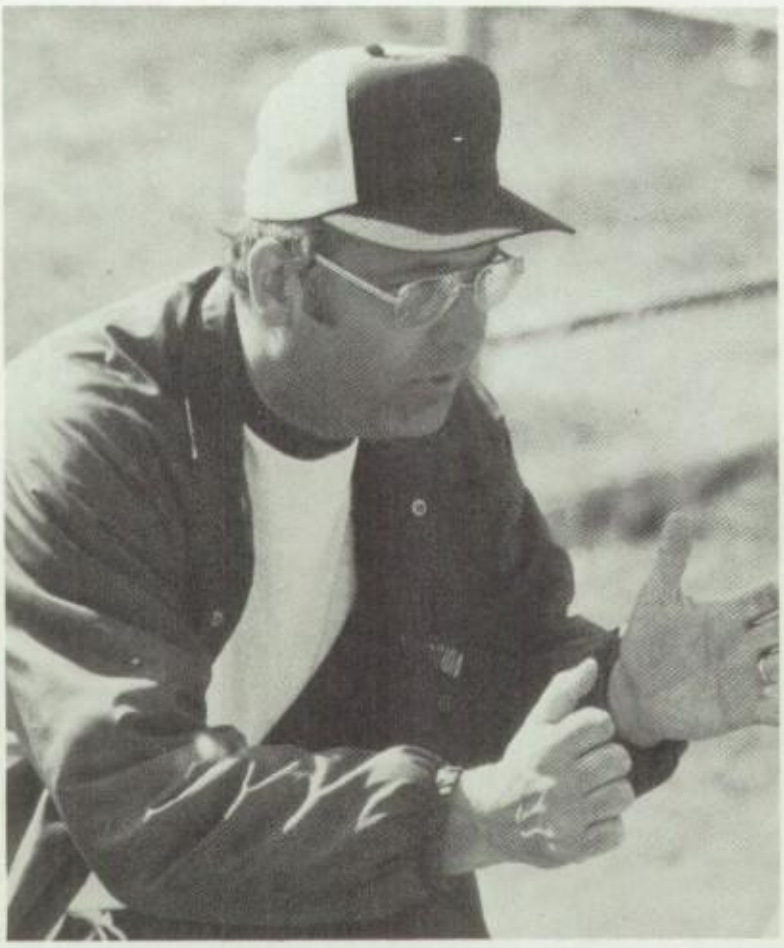
We slowly began to merge in time

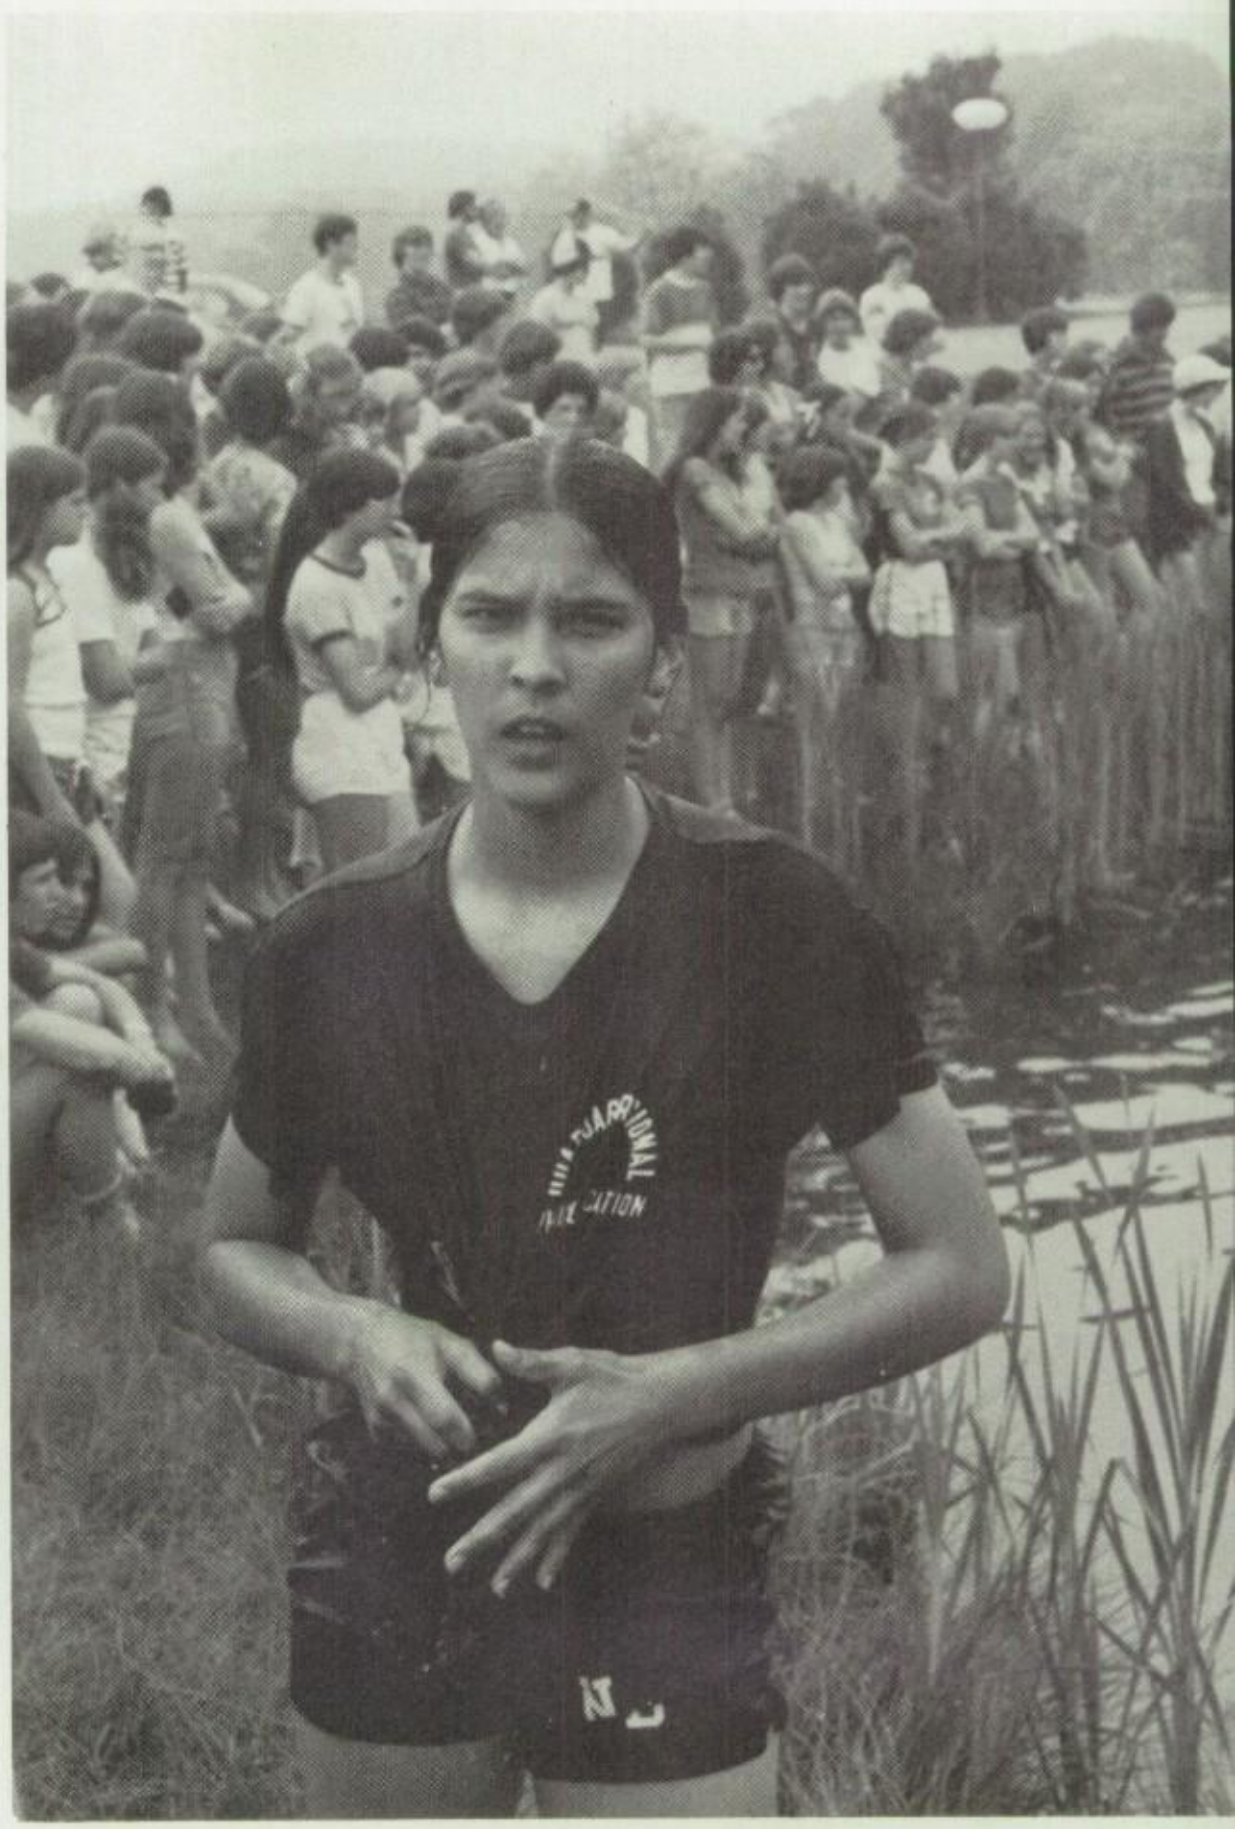


And we're now known as the class of "79"

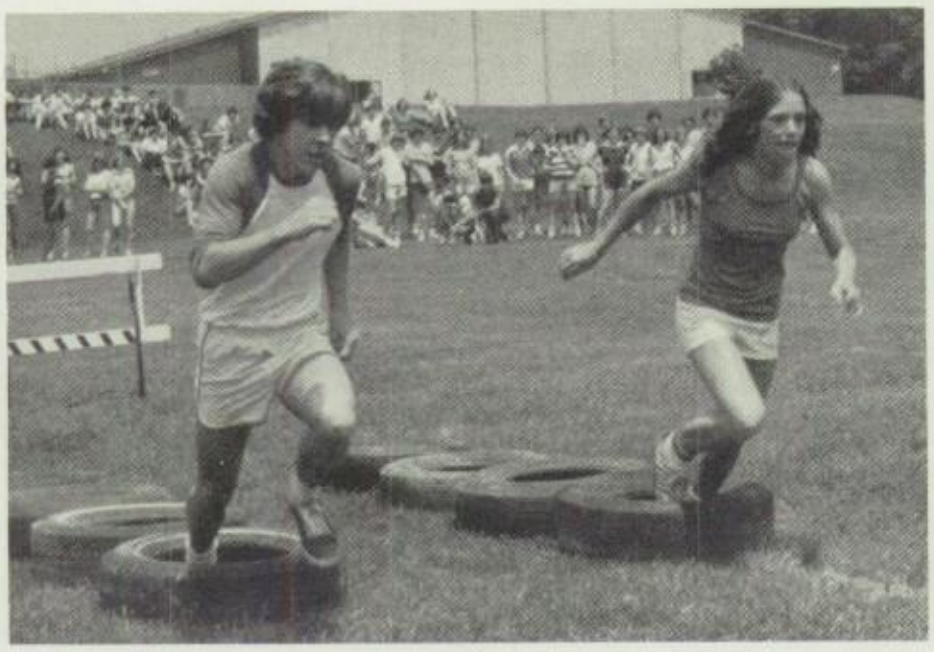


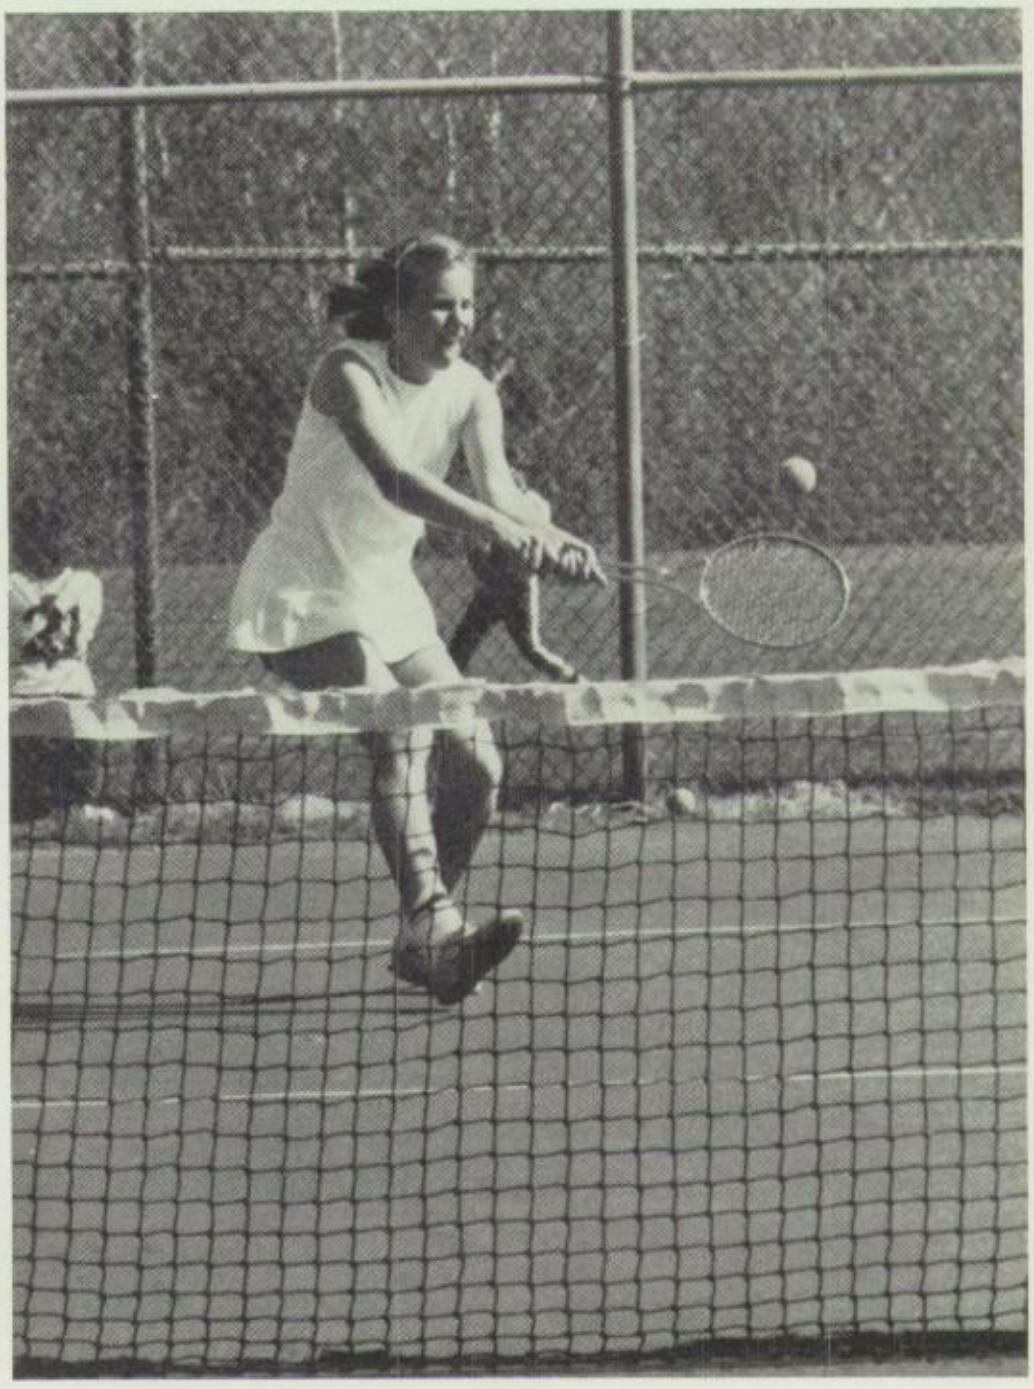
From there we strived to reach higher goals



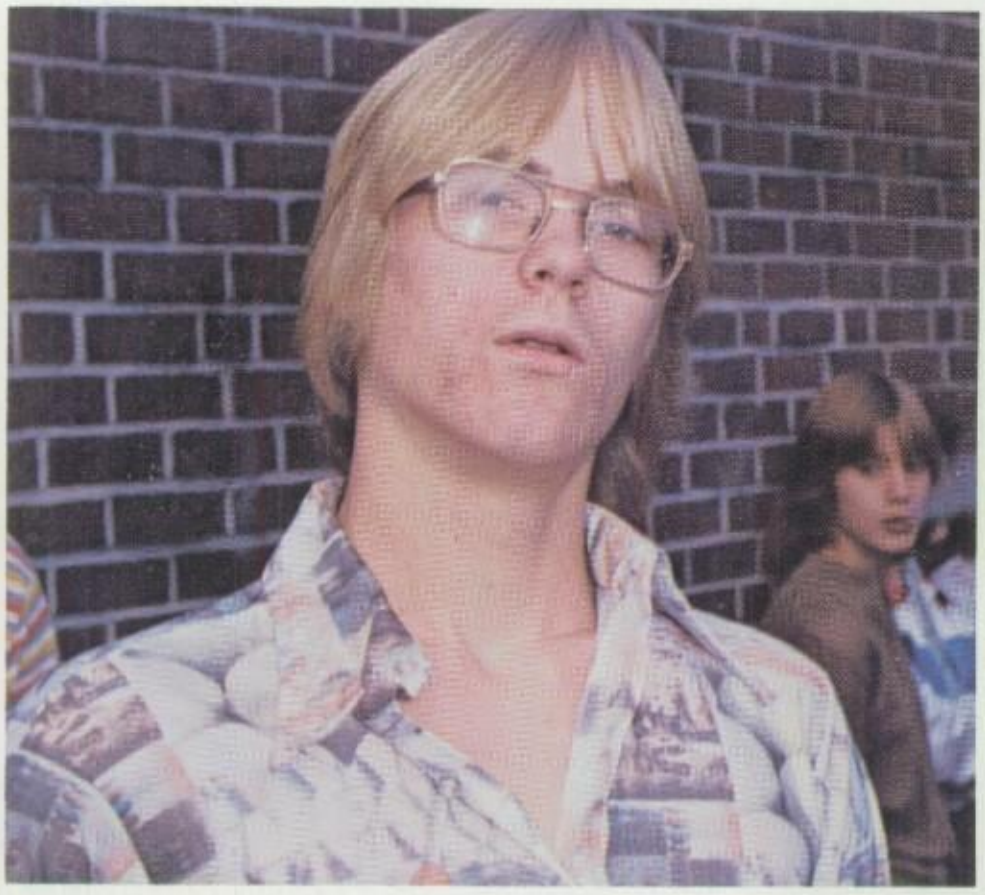


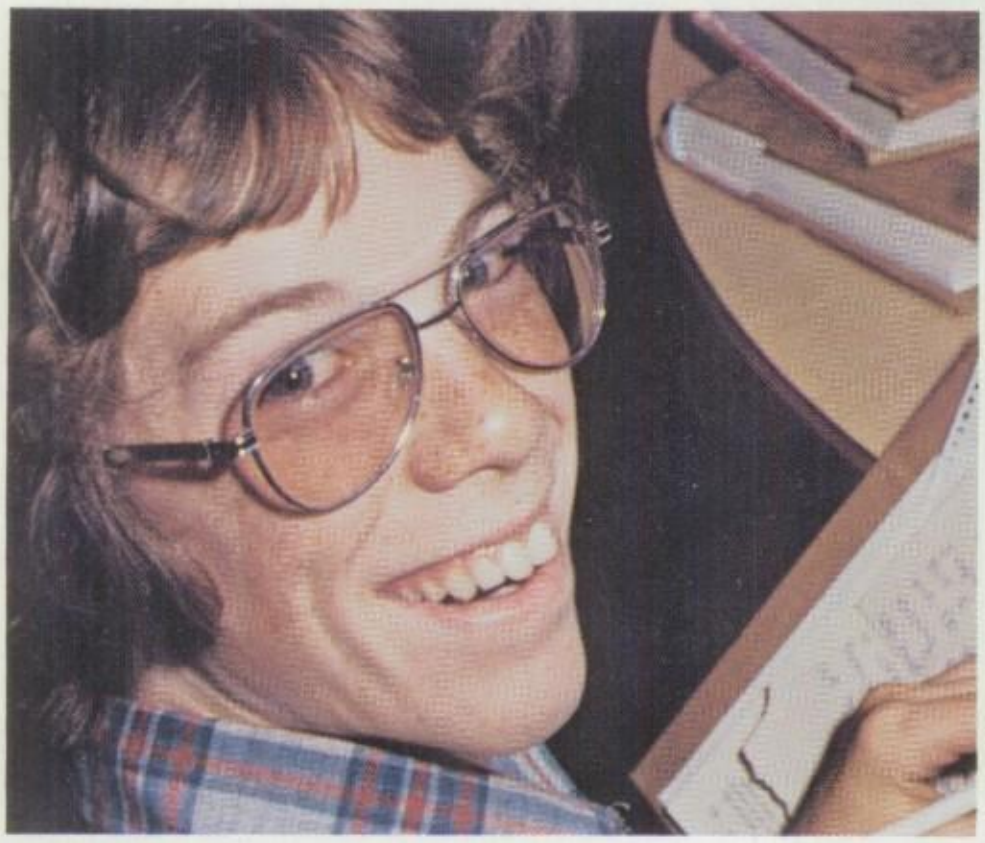
We brought new traditions and kept some old

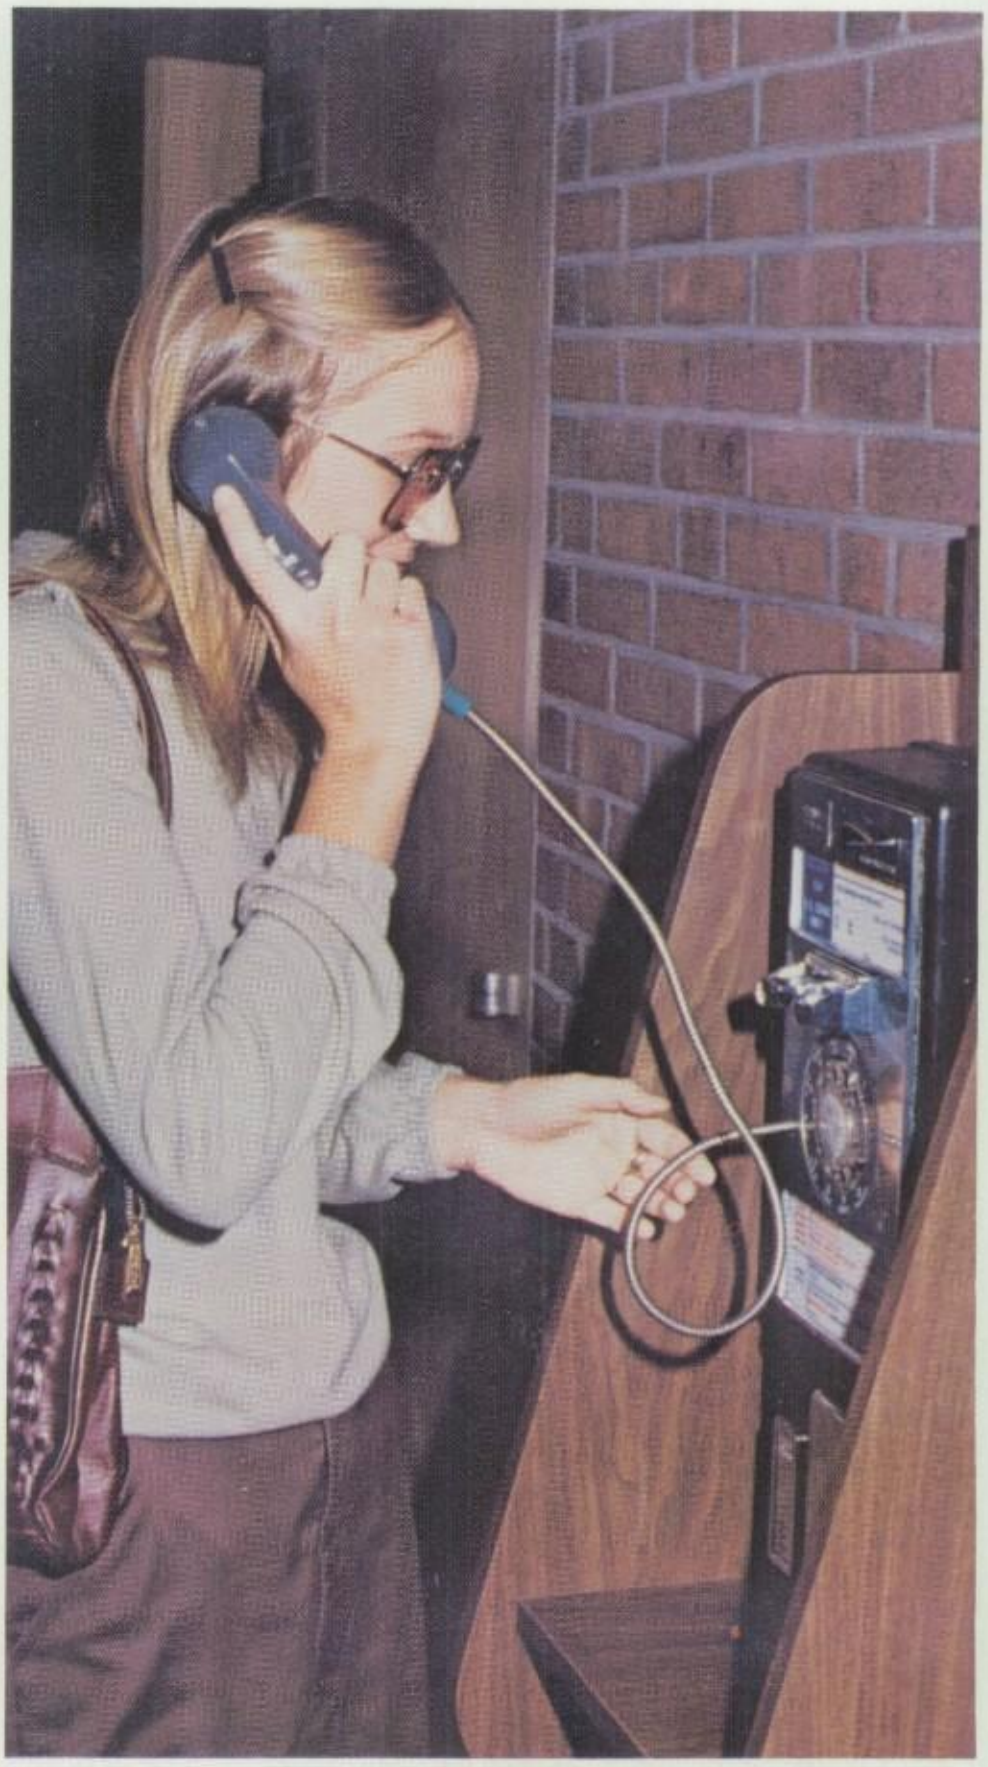


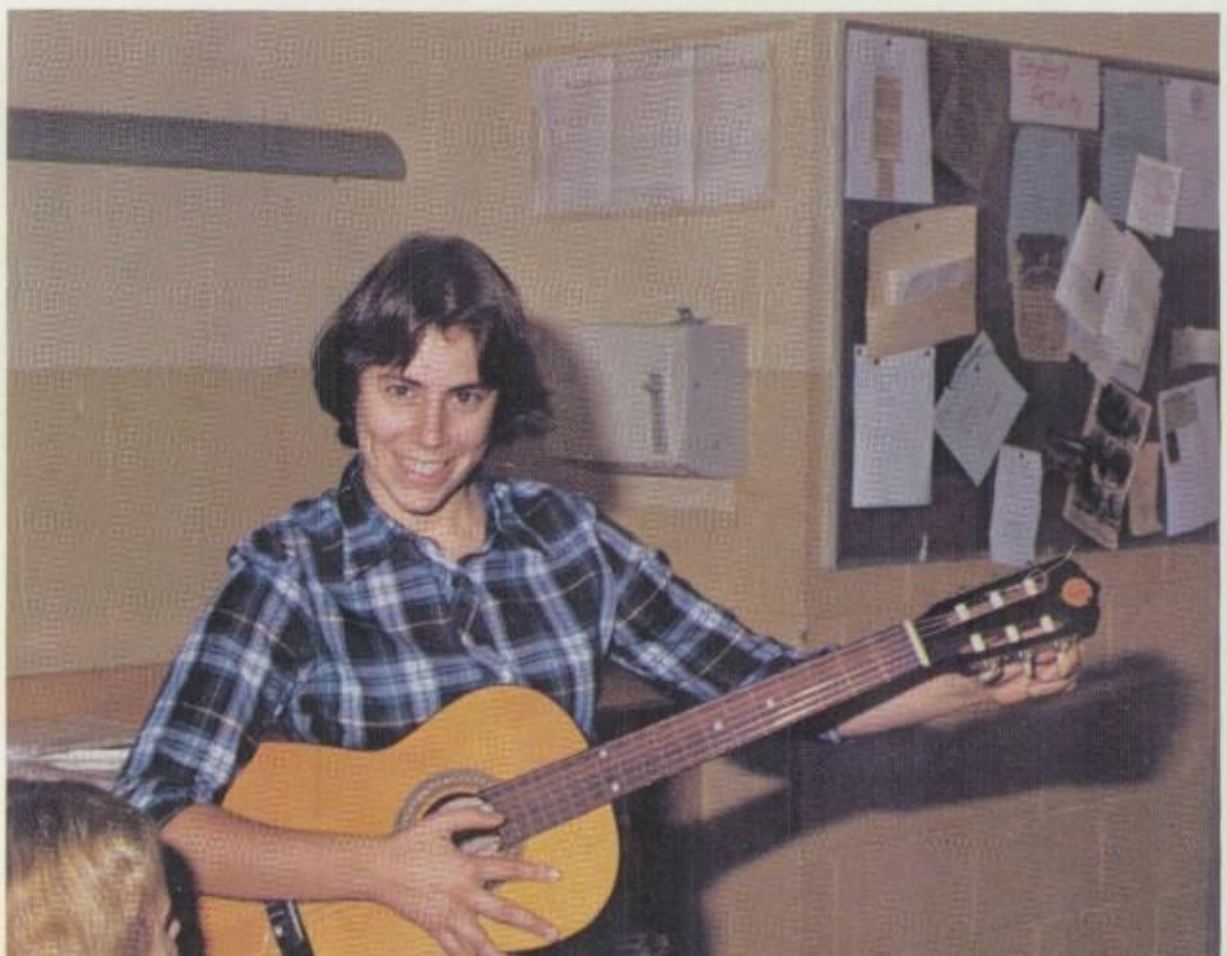


While enjoying the sports and struggling with math

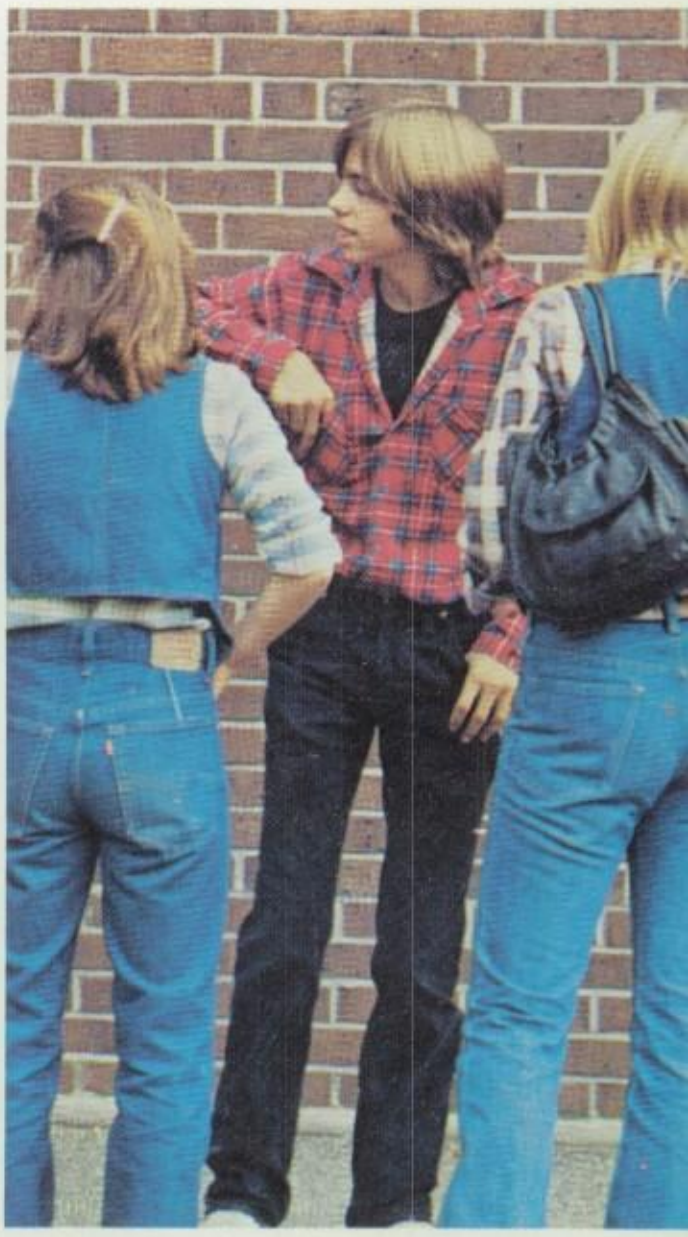


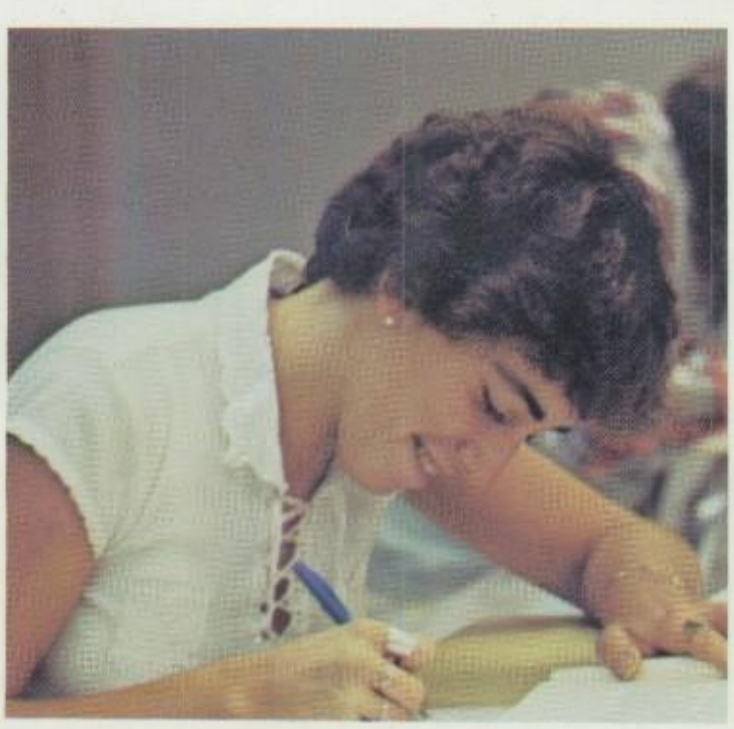






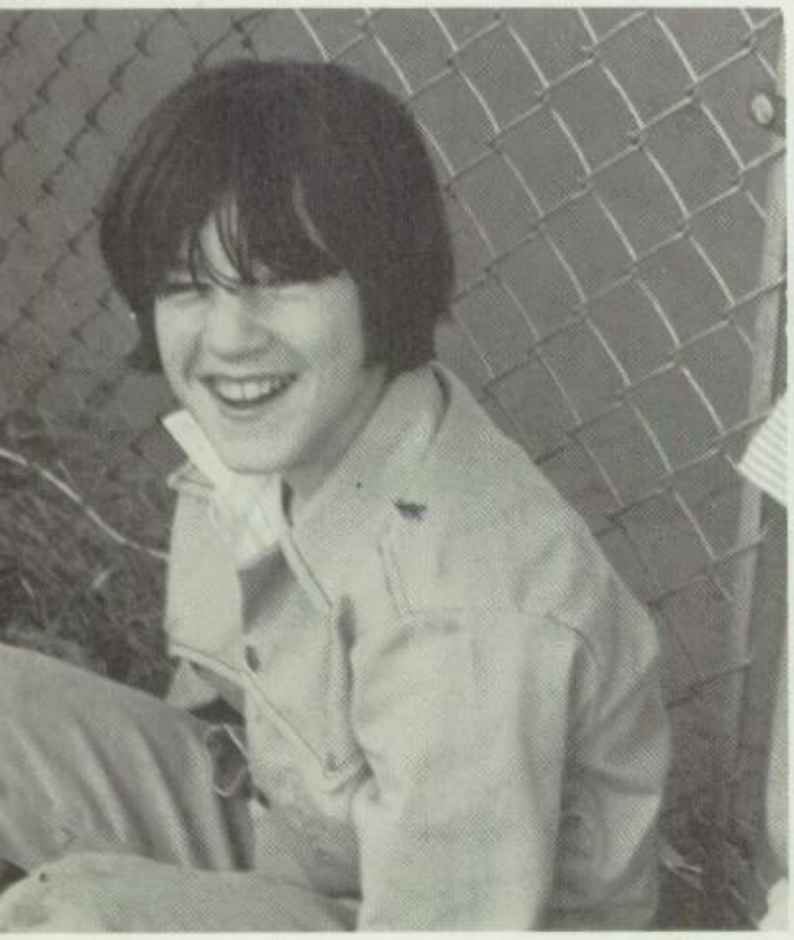
We have now come to the end





of our long winding path

We had lots of fun and a couple of tears



So let us never forget those growing years.
